Soles for Souls representative **Jeni Olsen** brought her group of **Teens Connect** volunteers to the Veterans Home last Saturday to offer ladies' winter coats donated to them by **Macy's**.

Project KIKS distributed the coats to some happy recipients. **Paul Cheatham II** founded **Project KIKS** in 2004. Its primary goal is to provide

shoes to disadvantaged children, but **Paul** jumped at the opportunity to bring coats to the ladies at the Vets Home.

Thelma Taylor was there to help coordinate, and **Cary Fuller, Joan Collins and Penni Anderson** were among the women taking home new winter parkas. The remainder of the coats will go to under-privileged elementary school children.
