A BRIEF HISTORY

The Project KIKS Liberian Mission was established in Monrovia on December 23, 2011, by Paul Cheatham II and Sekou S. Dukuly. Sekou (Duke), arrived into the United States, unaccompanied, on June 26, 2016, under the auspices of Project KIKS. He has been separated from his wife and family for 7 years. Mariama and children are survivors of the Liberian Civil War, the Ebola Outbreak, the COVID-19 Epidemic and a 7 year separation from her husband. She has served voluntarily as Program Director for the past 12 years feeding and taking care of orphans and needy children & families. Help us make the dream of coming to the United States come true for our Dukuly family. Please Donate Now !!!

Project KIKS Family & Friends, As a founding contributor, I am asking for your Donations, Pledges and Help in order to bring Sekou (Duke's) family to America. For the past 12 years Project KIKS has strived to improve the quality of life for our children and the blind, by providing food, clean water to schools, books and school supplies to our Mission, LPRC Road Community, in Monrovia, Liberia. Now Duke's family has been approved to live in the USA. They bring love, and energy to our country, also, kindness, dignity and respect. Thank you in advance for those who contributed. Funds will be used to pay for Visas, Medical Exams, Air Fare & Travel.
